Upon further review of data previously reported on this report, we discovered that during the process of downloading contributions from a third database source into our reporting software there were duplications and omissions, which when netted together reduce the amount of contributions in the amount of \$950.00. Corrections have been made to accurately reflect these contributions. We also identified and corrected a decrease in the amount of interest received in the amount of \$567.07. A correction on expenditures resulted in a reduction in expenditures of \$102.00. The decrease in expenditures in the amount of \$102 also reduced allocated expenses reported on line 21ai and 21 aii. The total change in the cash on hand is a reduction in the amount of \$1,465.07 (which includes a change in the beginning cash balance from the prior May Report amended and filed on March 26, 2007. Allocated activity reported on H4 year to date totals are correct on lines 21ai and 21aii. As a result of software upgrade on March 5, 2007, we are no longer able to sort our data based on date of expenditure. The software program however, reflects a date total on each record. Consequently, each record shows a year to date total for the type of activity based on date, but the random reporting by name of the expenditures, makes the year to date totals appear incorrect. After careful reconciliation of each activity, the totals reflected on lines 21ai and 21aii are correct for the allocated expenditures. All transfers which were not made within the 70 day time period have been returned to the non-federal account as previously reported. Respectfully submitted, Wayne Tucker, Treasurer
